

MAVERICK

TEXAS BRASSERIE

Welcome to the Wine Shop

Make Your Own Rules & Pair Anything You'd Like...

Here at Maverick, we are featuring some of our favorite wine selections that you can pick up and take home to enjoy by the bottle or by the case.

Here's How It Works

1. On Wednesday, we will feature one producer, region, or style of wine that is very dear to us.
2. These wine selections will be available for you to order for one week or until we sell out.
3. Next Wednesday, your wines will be packaged and available for pickup at your convenience from noon to close any day we are open.
4. Enjoy your bottles your way - and maybe pick up a curbside order to pair!

This Week's Featured Producer

Thibaud Boudignon (pronounced TEE-BO BOOGY-ON) is a small producer from the Loire Valley that is making his own rules. (A man after our own heart.)

He farms the vineyards himself using organic practices and uses little to no intervention or manipulation in his winemaking. He lives above his century-old cellar that he renovated in the village of Savennieres.

These wines are not found in a retail setting very often and availability is limited. Now, we are bringing you exclusive access.

This Week's Selections

The White

2017 Anjou Blanc - \$35

This is Chenin Blanc in its purest form. Grown for decades in schist and clay, the result is a savory and dense wine with acid that rips. Mouthwateringly delicious, this wine is marked by notes of juicy green apple, pear skin, quince, lychee, chalk, and rain-kissed rocks.

Pair with seafood, salads, al pastor tacos, or pork chops.

The Rosé

2019 Rosé de Loire - \$20

This Cabernet Franc is a crushable porch pounder. Grown in grey schist and sandy soil, this fresh rosé shows flavors of red fruit, watermelon, flower petals, white pepper, and wet rocks. It is perfect to pair with a charcuterie board and a long summer evening.

Pair with charcuterie boards, raw bar favorites, or gulf shrimp.
